

COSPLAY  
GUIDE **DAVID  
MARTINEZ**

CHARACTER

# DAVID MARTINEZ

With a powerful Sandevistan and a high tolerance for cyberware, David Martinez might have been built different, but even that doesn't mean much when you're caught in the crosshairs of Arasaka and Militech's cold war. His path from struggling streetkid to top of the edgerunner food chain ended in a blaze of glory that cemented his status as a Night City legend.
