

COSPLAY GUIDE ✓

CHARACTER

A mercenary working their way up the ranks to Night City legend. Their big break comes with the Konpeki Plaza heist, but nothing goes as planned: V ends up with an experimental prototype chipped into their head, slowly overwriting their personality with that of Johnny Silverhand. V's newest mission is survival, whatever the cost.

MALORIAN OVERTURE

A .42 caliber, six-shot, semiautomatic, double-action, Power-class revolver crafted with the classic Malorian traits - heavy, reliable, and packed with firepower. Although Malorian has been faring worse on the market than its competitors in recent years, the Overture is still an iconic, high-quality weapon that can be found on the streets.

FAN CONTENT GUIDELINES

We really appreciate all the work that our community puts into showing their love for our games and, to support you in this, we've put together [Fan Content Guidelines](#). Please remember to follow them while creating, wearing and showcasing your cosplay. In other words:

DO

- create cosplays inspired by our games
- show them off on your social media channels
- wear them to conventions, fairs, meet-ups, etc.

DO NOT

- create cosplays for sale
- use your cosplays to promote other companies/products
- claim you are officially sponsored by CD PROJEKT RED
- do anything offensive or illegal while wearing your cosplay
