

COSPLAY
GUIDE **JUDY**
ALVAREZ

CHARACTER

JUDY ALVAREZ

A brilliant braindance innovator, redefining the medium by blowing up established techniques, mixing them together, and spicing everything up with liberal borrowing from other media. She's not content to just entertain, however. That's how she got involved in the Mox, the plight of prostitutes working in Night City's pleasure houses, and, ultimately, V.

ACCESSORIES

BRAINDANCE GEAR

Judy has a lot of tech gear lying around her apartment, and some of her most well-used equipment includes the metal editor glove and braindance wreath. The glove fits snugly over the fingers of her one hand, while the braindance wreath connects to the cybernetic implants of the wearer. Together, they act as a powerful system that allows Judy to edit virtus that'll immerse users into whatever kind of BD experience they're after.

FAN CONTENT GUIDELINES

We really appreciate all the work that our community puts into showing their love for our games and, to support you in this, we've put together [Fan Content Guidelines](#). Please remember to follow them while creating, wearing and showcasing your cosplay. In other words:

DO

- create cosplays inspired by our games
- show them off on your social media channels
- wear them to conventions, fairs, meet-ups, etc.

DO NOT

- create cosplays for sale
- use your cosplays to promote other companies/products
- claim you are officially sponsored by CD PROJEKT RED
- do anything offensive or illegal while wearing your cosplay
