GUIDE **ROGUE**
AMENDIARES

CHARACTER

ROGUE AMENDIARES

The queen of the Afterlife is tapped into every worthwhile gig in the city, and a shake from her head is all it takes to reduce a merc's rep to zero. Respected and feared, there's no one who could rattle Rogue's confidence – unless of course, it's her old flame Johnny Silverhand, back from the dead.

PREJUDICE

Pride might come before a fall, but Prejudice takes all of your enemies down with it. The weathered orange assault rifle holds a key spot in Rogue's arsenal; its massive size and indiscriminate spray of bullets have gotten her out of a tight spot once or twice.
